“Friendship Through The Years”

"Friendship

As the freshmen entered HTHS, they felt strange to this school; strange to their teachers, their classes, and their classmates. They wondered if they would ever find their way through this new confused way of life. For many of these students, this was probably their first experience in meeting new people and being separated from childhood companions. In high school life, however, one can not be without friends for long.

Initiation, mixers, class parties, homecoming, and club drives pushed the students on to a good start towards making new friends. These new companions shared many of the same interests and beliefs, were active in the many clubs and organizations around HT, and were soon no longer strangers to each other.

For the sophomores and juniors, the reopening of school meant a chance to renew old friendships, to have fun with those not seen on vacation, and to continue the studies, activities, and sports in which they were interested. They were no longer thought of as small groups of individuals, but as a united class.

The seniors came back for their final year to find themselves the highest upperclassmen, to whom all look for an example. They took part in all the activities and sports with more enthusiasm than ever shown before. Individuals in the Class of '56 were friends throughout their high school years.

Friendships have been developed by means of the many student activities, seasonal sports, and normal class activities through the years.

Of great aid to the librarian are students who use their assigned study hall time or time before and after school to familiarize themselves with library procedures and render assistance by working at the charging desk, shelving books, arranging displays, helping to prepare new books for circulation, writing overdue notices, and checking out magazines. This training often leads to employment in college libraries and in the Hinsdale Public Library.

Homecoming

October 15 sandwiched together a colorful parade, cooperation, teamwork, a spirited bonfire, an overwhelming victory over Maine by a score of 48 to 6, and a climactic dance, "Autumn Nocturne." The Chamber of Commerce presented awards to winning floats as follows: GAA, first; Senior Class, second; Sophomore class, third. In spite of the rain during the parade, spirits were high.

This ninth annual event witnessed a record crowd of alumni on hand to witness and participate in the fun. Between games the parade wound its way around the track with the queen's float last. Queen Judith Allen and her court were presented flowers and kisses by co-captains John Rezny and Larry Kellum.

The final event was the crowning of the queen and the presentation to her of a silver football at the dance. Senior attendant was Debbie Sampson and junior attendant was Jean Pratt.

Class of 1958

As the sophomores entered their second year of high school, they looked forward to an exciting year of English II, biology, plane geometry, and various other subjects. With this difficult schedule they found time to win third prize with their class float at Homecoming. The sophomores were cooperative in activities and showed good school spirit by enthusiastically supporting their frosh-soph teams. Under the sponsorship of Miss Anne Abernethy and Mr. Reino Takala, the group chose for their officers: Sandy Walton, president; Dave Wenaas, vice-president; Donna Zimmerman, secretary; John Chapman, treasurer, and Norman Chimenti and Kay Lee Poppenhager, social chairmen.

JUNIOR CLASS OFFICERS

Front: M. Conklin, J. Borsch, S. Pitcher, T. Wise.
Rear: J. Spanier, F. Noland.

Class of 1957

The junior class started out the year by sponsoring a bonfire the night before the Homecoming game. This was the first time for this activity, and it will probably be continued for many other years. The Junior-Senior Prom is always a difficult project with which the junior class is faced, but the class raised money by taking over the concessions at a basketball tournament. This kind of work united the class. Helping the juniors were class sponsors, Mrs. Ruth Osborne and Mr. Allen Baker. Officers have been: Tom Wise, president; Fred Noland, vice-president; Sue Pitcher, secretary; James Spanier, treasurer, and Don Fullerton and Jane Borsch, social chairmen.

SENIOR CLASS OFFICERS

E. Holderness, B. Baumrucker, W. Schumacher, D. Natkowski, D. Carlson, P. Scott, J. Allen.

Class of 1956

The seniors will long remember the glorious days at HT. In the course of four years this class has produced leaders in scholarship as well as in athletics. The tremendous success of the play, "I Remember Mama," can only be attributed to the cooperation and help of every senior. Officers have been: Judy Allen, president; Duane Carlson, vice-president; Dianne Natkowski, secretary; Eugene Holderness, treasurer, and Pat Scott, Bruce Baumrucker, and Bill Schumacher, social chairmen. Miss Patricia Zengler and Mr. Gerald Kusler were class sponsors.

The Class of 1956

KAREN AGRIMONTI

Karen is famous for naturally curly hair. Her future ambition is "To find out what the Old Gold dancing girls look like. Because of her cheery sense of humor and interest in people, Karen should be very successful as a nurse after completing her training at Illinois Wesleyan. Her interests include golf and going on vacation preferably to California. She has participated in GAA, Pep Club, Varsity Club, GR, Vocational Board, Student Council, and El Diablo.

SHIRLEY ANNE AGRIMONTI

Shirley is the pretty Italian girl you see walking down the halls of HT. Fond of sports, horseback riding, swimming, basketball, and fishing, she likes black cats. Motorcycles fascinate her, and she hopes to tour the Northwest with another girl on motorcycles. She plans to become a secretary.

BRUCE T. ALLEN

Bruce's good nature and intelligent contributions to class discussions are two things for which he will always be remembered. Getting into Latin II and entering Vergil contests are Bruce's claims to fame. Even though Bruce is very good at math, his pet peeve is the long computations. He enjoys railroads, both real and model, and plans a career in some phase of the movement of goods or people. He has been a member of Math Club, Camera Club, and Representative Assembly.

JUDITH ALLEN

A cute girl rushing from meeting to meeting has been Judy, one of the biggest contributors to school spirit who was a member of the cheerleading squad during her freshman year and captain during her remaining three years. Student Council has had her as social chairman during her junior year. She has served the Class of '56 as secretary during her freshman year and president during her senior year. She has worked hard on GAA Board and was honored by the football team as Junior Homecoming Attendant and this year as Homecoming Queen. She plans to study at the University of Michigan.

CONNIE ANDREW

Connie hopes to get an office job and later to get married. She is interested in a Texan, home economics, typing, horses, skating, and punctual people. Connie has participated in GAA, GR, and Stenos Club.

BARBARA ANGEVINE

Barbie is the envy of everyone because of her sparkling blue eyes. Angie will always be remembered for the good job she did as secretary and publicity chairman of the Youth Center. Barb's biggest thrill was being sophomore track queen attendant. Her hobbies are art and a certain "saint." She plans to go to Illinois to study commercial art. Here she has been active in GAA, GR, Pep Club, and Varsity Club.

CHRISTINE ANTOSZ

Chris enjoys an active individualist who has a wonderful personality. She is gay and cheerful. Traveling is considered one of her favorite hobbies. Two years ago she went on a pleasure trip to Colorado. Her biggest thrill in HT was watching our team win the football conference championship last year.

JANICE ARTHUR

Jan has journeyed to Paris and gone babysitting in Massachusetts. Her senior or cast party will always be remembered. This year Jan has been chairman of Ways and Means on GR Board. Next fall some college will certainly claim this highly intelligent girl, who has participated in GAA, Pep Club, Varsity Club, Sophomore Girls' Vocational Board, and Project X Committee as well as being a Student Council representative.

ELOISE ASHLEY

That thrilling first soprano you heard in two operettas and many assemblies was none other than Eloise herself. She's not only a singer but an actress, GR model, reporter, dancer, pianist, artist, and even a first-rate chef. Besides, Eloise is a girl who really gets around. She has traveled from the Gulf of Mexico to Canada. After college she plans to become a teacher, secretary, social worker, or model.

SANDRA LYNN BACH

Modeling in the style show was a big thrill for "Sans" while going to house parties and knowing the senior boys were memorable experiences for Sandy. Majoring in fashion designing, she will attend William Woods College.

DONALD BAILLIE

Coming to the United States was Don's biggest thrill. In the future he would like to be a butcher. After the army he plans to attend college. HT will always remember Don for his expert skill in jitterbugging and his talks about Canada. Don is finishing his work at Downers Grove.

BRUCE ALLEN BAUMRUCKER

Bruce is one of the four senior boys whose singing has entertained many at parties throughout the last two years. This social-minded fellow has worked hard as one of the social chairmen of the class. Bruce was seen for quite a while in his yellow jeepster until it retired because of poor physical condition. In about ten years, if you need a doctor, give "Doc" Baumrucker a call.

The Class

WILLIAM BELCHER

Bill came to Hinsdale at the start of his senior year from the big town of Chicago. He quickly established himself as a friendly and easygoing member of HT's student body. Bill hopes to go to college to pursue his favorite subject, math. He likes to play baseball, basketball and a good game of golf particularly the latter with a quiet person who minds his own business.

JAMES PAUL BERCHER

For as bright as Jim is you wouldn't think he would list his claim to fame as "Sitting on the top of a ladder in the cafeteria during freshman week" when he was a freshman. "I sold activity tickets there." Being extremely gifted in social sciences, Jim plans to teach social studies or a foreign language after serving in the Navy and going to college. He has been a member of Projector Club, Assembly Committee, Camera Club, and Science Club.

PAUL VINCENT BERGGREN

Paul loves cars, all kinds, new and old. During the summer between his junior and senior years he worked at Western Electric. He likes biology, has very good ability in theme writing and intends to go to college after high school. His pet peeve is a person who talks too much.

THOMAS N. BERTHELSEN
